Manhattan Neighborhood Network Policies

Welcome to Manhattan Neighborhood Network (MNN)! All of us at MNN appreciate your involvement with the country's largest community media center and look forward to welcoming you to our facilities, our channels, our classes and our events.

MNN's mission is to ensure the ability of Manhattan residents to exercise their First Amendment rights

through moving image media to create opportunities for communication, education, artistic expression and other noncommercial uses of video facilities on an open and equitable basis.

In providing services, we seek to involve the diverse racial, ethnic and geographic communities of Manhattan in the electronic communication of their varied interests, needs, concerns and identities.

MNN is responsible for administering public access cable TV services in Manhattan and aims to promote localism, diversity and independent non-commercial media.

MNN is an independent, non-profit organization that is privately funded and privately operated. MNN is not a cable company, a subsidiary of any cable company, or a New York City or New York State agency.

What We Do

For nearly 25 years, MNN has been providing media education classes, media production equipment and free access to community cable TV channels to Manhattan residents and community-based organizations.

In 2016 alone, MNN posted some 4,000 enrollments in our media classes, making MNN the largest media educator in New York City. In that same year, nearly 1,200 Manhattan

community producers checked out media equipment from our two locations – one on the west side of Manhattan and the other in East Harlem.

MNN also runs a wide range of services and media initiatives aimed at meeting the diverse communication needs and interests of Manhattan neighborhoods and communities. Since 2000, MNN's Youth Media Center has provided media skills and education to young people ages 15-25 and produces and curates a five-hour block of programming each week.

MNN administers and manages four themed public access channels as well as an HD public access channel. In 2015, MNN aired more than 10,000 hours of locally generated TV programs.

MNN is proud to be one of the largest cablecasters of original content in the United States.

These channels are:

- **MNN 1 Community (TWC 34 & 1995, RCN 82, FiOS 33):** Stay up-to-date on local elections, New York politics and community issues with MNN's Community channel.

MNN also produces the cable and digital channel NYXT.nyc (pronounced next dot n.y.c.). Presented in partnership with more than 60 Manhattan community-based organizations, NYXT.nyc shines a spotlight on groups that are working to connect people and build neighborhoods. NYXT.nyc is available on TWC 1992, FiOS 38, and online at nyxt.nyc.

MNN may also curate additional cablecast channels aimed at providing newly presented and produced non-commercial, independent programming.

MNN's Values and Principles

MNN is a place of education, learning and creativity. We are non-commercial and committed to serving Manhattan residents and community-based organizations. We believe in inclusivity, diversity and mutual respect and aim to empower people and communities through media access.

In seeking to facilitate a diversity of viewpoints, we ask our broader community and participants to be mindful of our values and to treat each other respectfully as we all work together to build community through engaged and impactful media.
